## President's Message---MOTIVATION

Frequently I refer to a list of 12 rules to keep myself motivated and enthused about weaving and working with fibers. On the list is a rule that states, "join a group of creative people", and our guild provides that setting. And now with the workshop given by Kathrin Weber just finished, I am so motivated that I don't know where to start.

At the workshop we not only learned some interesting ways to handle spacedyed and plain warps, but we were exposed to all sorts of general weaving tips for warping and design - like little clamps on the back beam to hold the warp in line, (check out Donna's clamps). Yet the most interesting aspect of the gathering was seeing how each one of us took a space-dyed warp, used different looms, and created something different as no two projects are alike!. We are definitely a creative group.

Now I am going through my stash looking for space-dyed warps and interesting yarns as my head is dancing with ideas. Your great project creations seen at the workshop and Show & Tell motivate me to try something new, do it better, learn, and enjoy every step of the way.

Thank you,  
Judy

### Announcements

Don't forget that our Christmas gathering is just around the corner. This year, we'll be meeting at Sharon's house. Look for more information via email as the time gets closer!

I'm also looking for stuff for the Newsletter, so if you happen to have any tidbits you'd like included, please send them to me at [jleatherberry@att.net](mailto:jleatherberry@att.net) before December 11th for inclusion in the December Newsletter. Thanks!
